We are involved in Wholesaler, Trader and Distributor a wide range of Process Control Equipment. Our offered products are highly demanded in market.

About Us

Founded in the year **2003**, we, **ALM Engineering & Instrumentation Private Limited**, are actively engaged in **Wholesaler, Trader and Distributor** the Process Control Equipment for our valuable clients. Our product range **Pressure Gauge, Pressure Transmitter, Pressure Switch, Pressure Controller, Temperature Humidity Transmitter and many more..** We are providing these products in different stipulation to cater the diverse requirement of our huge client base. Offered equipments are manufactured from the quality approved components under the assistance of our vendors professionals as per the industry defined norms and standards. Our product range is highly demanded among our clients owing to their optimum quality and dimensional accuracy. Apart from this, we are offering our products at pocket friendly prices to our customer within the assured period of time. **We are authorized Distributor of Dwyer.** With the help of our huge vendor base, we are able to cater the bulk order demand in requested time frame. These vendors are equipped with modern machines and tools, manufacturing the offered products with a good production rate. Offered products are quality approved on diverse quality parameters before the final delivery of the products. To satisfy our clients in an effective manner, we are offering our products in standard as well as customized configuration. With the help of our wide delivery network, we are...

LEVEL CONTROLLERS

Model CDD Duct Mount Carbon Dioxide Transmitter

Series 4C 1/4 DIN Temperature Controller

Series MPC Pump Controller

Series MPCJR Pump Controller

VALVES

Model TNV PTFE Needle Valve

Series 38R Self-Acting Temperature Control Valve

Series 3HBAV Three-Way Detachable Electric Ball Valve

Series 3PBV Automated Three-Way Plastic Ball Valve

TEMPERATURE CONTROLLERS

Model DW-USB-1-HT High Temperature USB Data Logger

Series 123/125 Boiler Water Level Control

Series 16B 1/16 DIN Temperature Process Controller

Series 16C 1/16 DIN Temperature Controller

CARBON DIOXIDE METER

CO2 Sensor

Series CDT Carbon Dioxide/Temperature Transmitter

Series CDW2 Carbon Dioxide Transmitters

Series CDX Wall Mount Carbon Dioxide Transmitter

LEVEL SWITCHES

Compact Tuning Fork Level Switch

FLOTECT Float Switch

FLOTECT Liquid Level Switch

FLOTECT Mini-Size Level Switch

PRESSURE METERS

Capsuhelic Differential Pressure Gauges

Differential Pressure Piston-Type Gage

Model HTG Handheld Digital Tire Pressure Gage

Series 43000 Capsu-Photohelic Pressure Switch Gage

LEVEL TRANSMITTERS

CLT Continuous Level Transmitter

FBLT Flush Tip Submersible Level Transmitters

Model ULTM Ultrasonic Level Transmitter

Series CRF2 Capacitive Level Transmitter

TEMPERATURE SENSOR

Protection Tube Assembly Thermocouple

Series 5 General Purpose Thermocouples

Series 6 Sensor for Extruders and Plastic Machines

Series 8 Mineral Insulated Thermocouples

TEMPERATURE THERMOMETER

Infrared Non Contact Thermometer

Digital Solar Powered Bimetal Thermometer

Series BTL Side Reading Bimetal Thermometer

Series BTLRN Long Reach Bimetal Thermometer

TEMPERATURE SWITCH

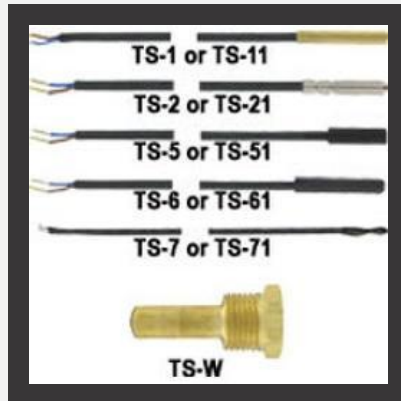

Model DPL110 Dual Point Level Switch

Quick-Ship Multi-Station Level Switch

Series F6 Compact Level Switches

Series TS-PROBES Digital Temperature Switch Probe
